IV. Writing .

Our school is huge and amazing. But it also has many ways to improve some things further. It will be very helpful and more comfortable due to the new and unusual stuff.

In my opinion, the only place that needs an improvement is a library. These days, almost every student is not interested in reading books, because they think it is very boring. To show them that it is not, we need the newest and some exciting books, that make every person to love reading. Maybe stories about dangerous adventures or unusual fantasy will be the most interesting things and more suitable among teenagers.

To feel comfortable while reading will make a little red soft sofa. Because teenagers love the comfort. Also, a little bit of atmosphere will be added if around students would be a few flowers.

In conclusion, I want to say that students would love reading in a better and comfortable library.
