Surprising school trip.

I had never expected the school trip to end like this. In the moment I sat in the bus with my friends I didn't even think about coming face-to-face with this...

3rd of July. Our school organized a summer trip for seniors. Since my parents bought a trip to Egypt for their anniversary I stayed at home all alone. I thought it will be good idea to join the school trip with my friends Chiara and Alice.

"Dear pupils, please check your baggage and

look after your stuff during the trip. We are going to LA" - teacher said.

7th of July. I was walking across the beach with the boy I met in the hotel. He was very polite and romantic. I knew we will go apart in the end of the trip, but I couldn't fight my feelings. This was pure teen romance. "How fast you will forget me after the trip?", he asked with a smile. "Never." - I answered. I would never forget Noah. 10th of July. The night quiet was broke down with the scream full of violence. Everyone ran out of their rooms immediately, looking up for the noise reason. I felt strange anxiety and get out too. Then I saw a crowd of pupils in the hall. "How could he dare?!" - I heard from the left side. Then I saw him. Noah. Bleeding Noah. 30th of July. The beach was calm and the wind was warm. I walked across that one beach. But now I was alone. The parents let me memorize our short story all alone, so they stayed in the car. 7 days of pure love gave me more heartwarm than somebody else did.
