In nowadays the most usefull skill for teenagers is knowing how to use computer and AI. In my opinion, it's very important skill that can help you in the future.

Firstly, these skills can really help young people with the study and different things which they do every day. It will make your life more easier! Secondly, it will be very usefull in your future life, when you will grow up. Nowadays absolutely all works include knowing these skills. It helps me with my work so much. I am designer and, for example, AI makes my work more easier than it should be.

In conclusion, the most usefull skill that
you can learn now is knowing how to use
computers and AI.
